

Environmental Sustainability Policy

Version 1.2 | Last reviewed 24 August 2026 | Signed: Edgar Cabrera, Managing Director

- 1. Our Commitment

Cleanfinity recognises that our cleaning activities impact the environment through chemical use, energy consumption, and waste generation. We are committed to minimising this impact through responsible practices, innovation, and leadership in sustainable cleaning.

- 2. Environmental Goals

We aim to: - Operate in compliance with all UK environmental regulations - Support UK government environmental and net-zero objectives through continuous -reduction of our environmental impact - Reduce our carbon footprint and promote sustainable alternatives - Educate staff and suppliers about eco-friendly practices

- 3. Actions We Take

To achieve these goals, Cleanfinity will: - Use non-toxic, biodegradable, and eco-certified cleaning products - Minimise water and energy use during operations - Encourage paperless administration and waste segregation - Work only with suppliers offering recyclable or refillable products - Provide staff with training on sustainable cleaning methods

- 4. Waste & Resource Efficiency

We commit to: - Reducing packaging waste and sourcing bulk refills - Promoting the reuse and recycling of materials - Using reclaimed, recycled, or renewable resources wherever possible - Prioritising suppliers with sustainable credentials

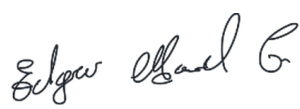

- 5. Monitoring & Continuous Improvement

We will review this policy annually and measure our progress against sustainability KPIs. Staff and stakeholders are encouraged to suggest new ways to reduce our environmental impact.
